Work Experience

J.P West Inc. / Insurance Broker & Producer / Jan. 2016 - Present

Providing brokering services to prospective and current clients. As a producer, prospecting to close and follow-up support.

- Rewrote the organization's information package
- Created brochures and other advertisements to attract clients
- Assisted in writing the strategic plan
- Upgraded the company website
- Got over 15 accounts within my first 3 months of working as a broker
- Provided sound insurance and risk management services to protect clients
- Assessed risk tolerance and risk-management goals to recommend solutions optimally suited to client needs
- Collected information from existing customers on product desires.
- Researched market for unmet needs.

Freelance Web Developer / May 2017 - Present
